

Shoofly Shoes® — Size 9

Before printing, be sure that “scale to fit paper” is **NOT** selected in your print dialog box!

To verify that this page was printed at **100% scale**, use a ruler to measure the shoe outline below. The length and width measurements should match the dimensions indicated.

[Size 1](#) | [Size 2](#) | [Size 3](#) | [Size 4](#) | [Size 5](#) | [Size 6](#) | [Size 7](#) | [Size 8](#) | Size 9 | [Size 10](#)

Place the heel of the child's foot along the lower edge of the shoe outline. Select a shoe size that allows for a 1/2" of space between the top of the child's longest toe and the top of the outline. If the child's feet are between sizes, we suggest selecting the larger size.
